

Focused on our Community

Hi Jackson,

A major focus of Elevated Insurance is to partner with groups supporting the community we all live in. The last 4 months, Elevated Insurance has been setting aside money for each insurance solution (quote) we built. **Last week we completed our “Sunny Side Up” project, and donated 1.5 months’ worth of eggs to the FOOD Pantry of Waukesha County!**

Projects like these are a staple to Elevated’s business model. We aim to positively impact the community by being a trusted and helpful partner to your family and/or business. If you think it’s a neat idea to “vote with your dollars” and have more good come from your insurance premiums, please spread the word (Stack your Jacksons Referral program is in play for clients)

If you’d like to keep up to date with our projects, our motivational messages, and/or interesting things happening around town, please “Like us” on Facebook <https://www.facebook.com/ElevatedInsurance/>

These projects are fun. **If there is a non-profit or an upcoming event you’re passionate about. Please share what kind of support they need and we’ll do what we can.**

Driven to serve,

Jackson Bubolz

Sunny Side Up project completed

This is the impact 60 people created by considering Elevated and Insuring Differently. Not everyone is a client, but everyone made an impact to those in food crisis. THANK YOU!

Sunny Side Up Project: **Complete**
18,240 Eggs donated
That's 1,520 dozen:

Thank you for getting an insurance solution from Elevated Insurance.
Little decisions make big impact!
